

The Cost of a Bachelor's Degree

Annual Tuition, Public (USD, Purchasing Power Parity)

England's three-year bachelor's degree costs $39.4K, just over the $38.4K of a four-year U.S. degree.

$0 no tuition fees

- Denmark
- Finland
- Norway
- Sweden
- Türkiye

Despite no tuition fees, over half of students in Norway, Sweden, and Finland still borrow to cover living costs.

Belgium's Flemish and French-speaking communities run separate university systems with their own fees.

Figures rounded. England figure covers government-dependent private institutions. Germany combines bachelor's/master's/doctoral fees and includes foreign students.
